

In Partnership With

**International Trade show Services
Work Examples USA and Canada**

Your Global Network

Absolute Exhibits has partnered with Exhibition and Friends.

Exhibition and Friends is a network of 35 companies specializing in exhibition design, construction and services.

With over 30 years of experience in the international trade show industry, Günter Schneider founded Exhibition and Friends in 2005 in Würzburg, Germany.

International partners are located throughout Europe, North America, Asia, Australia and Africa and are experts in modern system techniques and custom projects based on individual client demands.

This brochure highlights several stand projects coordinated by Exhibition and Friends and executed by Absolute Exhibits in the United States and Canada. Designs have been contributed by leading international architects and design houses.

By working with Absolute Exhibits and Exhibition and Friends, clients can benefit from our experience working around the world and ability to reduce shipping and other logistical costs associated with exhibiting in the United States.

Thank you for your consideration and we look forward to working with you on your next project.
